### MOON LANDING—U. S. A.

The 10-cent airmail stamp commemorating man's first landing on the moon, printed from the master die which actually landed on the moon, was placed on sale in Washington, D. C. with appropriate first-day ceremonies on September 9, 1969.

Apollo 11 was the climax of an eight-year goal set by the late President John F. Kennedy, who in his message to Congress on May 25, 1961, said: "Whatever mankind must undertake, free men must fully share."

The over-sized stamp depicts a spaceman, Brother Edwin E. Aldrin, Jr., stepping from the LM space capsule onto the moon's surface on July 20, 1969. Brother Aldrin was the commander of the LM (Eagle) capsule; Astronaut Collins was the
